

DMIT1530 In-class Assessment Form

2016/2017 Winter Semester.

Due: End of Class

Weight: 5% of your final grade

Introduction

You are tasked with organizing, building and styling a form that will be used by an animal clinic on their website. The information they want to gather is below.

1. Pet Name
2. Pet type – dog, cat, bird, fish, lizard, gerbil, hamster, rabbit, etc
3. Owners Name
4. First Visit?
5. Message
6. Email
7. Phone
8. Pet Age
9. Agree to Terms (CASL compliance)

You must decide the types of inputs to use and which fields are to be required before the form is submitted. Based on your knowledge of form best practices, identify those fields.

A layout has not been provided.

This form does not need to be styled differently for the different devices but should look good no matter what device is used and should be centered on screen.

The Build Methodology

1. **Group and order the fields**
2. **Decide on a min and max widths**
3. **Build the form**
4. **Test, validate and repair any deficiencies**
5. **Zip up your assignment folder and upload it to moodle 'OR' Demonstrate the completed web page for your instructor**

Marking Key: Assessment Two
